

Preschool Policies

For a full list of policies and procedures, please refer to your contract.

No Makeups - due to the nature of the program, there will be no makeup classes for those missed.

Cancellation - Due to the limited number of spots in our program we require cancellation notice of two months prior to the start of the school year. If you cancel two months before the start of the school year you will only forfeit your \$30 application fee (failure to do so will result in forfeit of one month's tuition). Once the school year starts, if you cancel mid-year you will forfeit one month's payment.

Dropoff & Pickup - Please drop off and pick up your child promptly for each session. It can be detrimental to a child's confidence to be the last one to arrive or the last to be picked up.

Our Philosophy

At Baby Power and Forever Kids, we put a great deal of importance on children interacting with each others as well as with adults.

We have found this interaction to be crucial in the development of their ability to think, reflect, feel, and conceptualize.

With that in mind our programs are dedicated to providing an environment conducive to the happy and healthy interaction, growth, and development of your child. Our programs are specifically designed to nurture your child's confidence, creativity, curiosity, independence and most importantly their self-worth.

Schedule

Our program will follow the DPS year (DPS holidays and vacation days- but not teacher planning days). We will offer class during the breaks for an additional cost. We will also have a summer program which will follow a similar schedule to our schedule during the school year.

Creative Curriculum

We have an amazing new curriculum that is called Creative Curriculum®. The Creative Curriculum® for 3 year olds will allow our staff to regularly evaluate your child's progress and post results online for parents to access.

The objective of Creative Curriculum® is to focus on Social, Cognitive, Physical and Language development in a fun and creative learning environment for your child.

"Creative Curriculum® is the country's leading scientifically based, comprehensive curriculum for programs serving children from birth to age 5."
